ROBERT SMITH

Junior Web Developer

Phone: (0123)-456-789 | Email: info@qwikresume.com | Website: Qwikresume.com

SUMMARY

Junior Web Developer with around 1 plus years of experience in Web development, ASP.NET, and SQL database. Experience in Design and Development of GUI (Graphical User Interface) using C# Win Forms and ASP.NET Web Forms. Experience of HTML, XML, DHTML, JavaScript, VBScript, Cascaded Style Sheets (CSS). Experience in OOPs concept and test strategies like mocking and pairwise testing. Basic knowledge of AWS, Azure.

CORE COMPETENCIES

C, C++, C#, .NET Web Technologies ASP.NET, HTML, AJAX, ASP.NET 4.0/4.5, ASP.NET MVC5.0, Web API, WCF, JSON, LINQ. Automated Testing Tools UFT, Selenium, And Load Runner Bug Tracking Tool: Jira, Bug Tracker Web, Application Servers IIS, Apache Tomcat, JBoss, Web Logic. Operating Systems Windows XP/Vista/7, Mac OS X 10.6, Linux/Unix. Packages NET 4.0, & MS Office 2011. Database SQL Server []

PROFESSIONAL EXPERIENCE

Junior Web Developer
Spider Development - August 2017 – March 2018

Key Deliverables:
- Working on viva tracker which is the login site for all the T-Mobile stores.
- Designing web-based ASP.Net internet applications linked to firm-wide SQL databases.
- Designing the development of presentation layers using HTML, CSS, Javascript, and jQuery.
- Used Javascript and jQuery for validating the input given to the user interface.
- Designed, coded and modified applications by implementing knowledge of VB.Net.
- Conducting software and system testing procedures, release testing, beta support, and bug verification.
- Executing the programming activities and product design consisting of multiple modules and subsystems.

Intern
Gsk Solution Inc - January 2017 – May 2017

Key Deliverables:
- Developed the web-based software using computer programming languages such as VB.Net, C#, and MS SQL.
- Created and maintained the ASP.Net based websites and their web applications as per the initial guidelines of the client.
- Made changes to existing web applications according to the feedback received from the end users or clients.
- In some cases, changes are also made in order to update the applications compatibility with the latest operating systems.

- Tested the applications and websites on different web browsers to ensure a standard user experience for the clients across all platforms.
- Maintained and developed stored procedures used for generating different reports.
- Designed web pages using HTML, Javascript, CSS, DHTML, XML and page design and layout and graphics.

EDUCATION

- Masters in Computer Science - 2017(Southern Arkansas University)Bachelors in information Technology - 2014(JNTU)
